Local Government Committee

RE: Opposition to HB 4105 and HB 4334

I'm writing express my disagreement with **HB 4105 and HB 4334** for it is unfair and inhumane. As an immigrant, I have seen Michigan move in the right direction to make immigrants feel safe and welcome. We cannot go backwards if these two bills pass. The United States of America was built on diversity of immigrant collaboration within communities to prosper.

How do these Bills embrace diversity?
They do not. They place fear and weakens in the community by encouraging discrimination based on appearance and assumptions which will only divide people. A strong community cannot flourish under these conditions.

As an immigrant Farm Market Manager, Nurse Assistant and a responsible member of my community, I ask kindly for my voice to be heard and considered. This bill will personally affect my quality of life. Like many immigrants just like me, I just want to work and live in peace within my community which I love and aspire to be a part of.

Sincerely,

Nydia Aguilar De La Cruz
